

GRADE 8 INFORMATION NIGHTS COMING TO KPR HIGH SCHOOLS

Local public high school students can start apprenticeships, earn college credits, gain advanced standing at the world's best universities, build houses and much more - all while still in secondary school.

Current Grade 8 students and their parents or guardians can find out about the variety of programs available to help learners meet with success, at open houses/information nights being held at Kawartha Pine Ridge District School Board secondary schools. A few schools already held their open houses late last year; please see below for website information for those schools.

Clarington Schools
